To Whom It May Concern.

Reference for Atomik Interiors & Spray Systems.

This letter of recommendation is to acknowledge our past experience with Atomik Interiors & Spray Systems, who is one of our trade partners because of their quality of work and expertise, always using top of the line products, are safety conscious, and always meet our schedules.

We have been working with Atomik for a number of years and consider them to be one of the most professional, well-run subcontractors that we deal with. They are consistently reliable, competitive and yet produce excellent quality of work.

They never hesitate to stand behind their work and we have no hesitation in recommending Atomik as a contractor of the highest quality.

We look forward to working with them on our future projects.

Regards,

Kevin Brookes

**President.
Newland Construction Limited.**
